

Attention Coaches, Consultants, Authors, Speakers, and Other Service Entrepreneurs...

Who Else Wants to Blast Away the Blocks and FINALLY Be Playing “Big” ...Just Six Short Months from Now?

**My Amazing Process Will Open the Door to More Money, More Happiness
and More Soul-Satisfying Success Than You’ve Ever Experienced Before**

From the Desk of Molly Luffy
Intuitive Business Coach
Hilliard, Ohio

Dear Heart-Centered Business Owner,

I’m Molly Luffy, an Intuitive Business Coach, and I want you to know it IS possible.

You can FINALLY break out of your box and achieve as much wealth and live as fabulous a lifestyle as the “rock stars” in your industry—and feel good about yourself while doing it.

The secret? It isn’t anything a “guru” can teach you. In fact, it isn’t anything *anyone* can teach you.

Because the secret is hidden inside of YOU.

- If you’re not having the success you dreamed of when you first launched your business...
- If you’ve been aiming for the same income level for a year or more and still haven’t achieved it...
- If you’re wondering if this is “all there really is” and getting a nagging feeling that you should be making more of a difference, somehow...

You’re out-of-touch with the divine inner power inside of you. And you will never truly feel successful—or realize your ultimate potential—until you clear away the fog that surrounds it and learn how to harness its incredible power.

But once you do, you’ll be **unstoppable**.

**I Know, Because I Once Stood
Exactly Where You Are Right Now**

And I tried all the traditional ways to figure out what the magic key was that so many others seemed to have but I seemed to be missing.

It was even more frustrating because I had soared to success in the corporate world before launching my business. So why was I failing so miserably at creating that same success in my own business?

Because as a career coach, I WAS the business—and I didn’t believe in me.

As Neal Donald Walsch says, "Business is your highest spiritual understanding demonstrated." You were put here to fully share your gifts and give back to the world in amazing ways. (Which is why you're playing small does *not* serve the world!) **But you can't do that until you're comfortable with the brilliance of who you are.**

In the corporate world, it's easier to "hide" from doubts and insecurities because success is usually based on selling someone else or something else. But when you're the "product" for your business...it's all about YOU.

And it's impossible to create success on the outside if you don't feel comfortable with success on the inside. You may be able to fake it enough to reach a certain level—but you'll always hit a brick wall.

The good news is everything you need is inside of you. It's just a matter of freeing the innate energy and power you were born with, that's become trapped under from under all the fears, negative beliefs and painful emotions.

Even better, I've discovered some amazing tools that can **blast away these energy blocks quickly and easily**—in a few minutes versus months or years. And I've woven them into a potent process that can truly move mountains inside of you and create results that are simply breathtaking.

How does that sound?

What would it be worth to you to finally be **making the money you wanted, feeling like you're doing exactly what you were meant to do, and making a remarkable difference in the world...just six months from now?**
